Greetings,

Welcome to the University of Delaware Library which includes the Morris Library and four branch libraries.

This is an exciting time for the University of Delaware Library as more and more students are using the services, facilities and collections of the Library both onsite and remotely. The Morris Library is also a favorite place to study and is open until 2:00 a.m. Sunday through Thursday nights Fall and Spring semesters.

New technologies allow students and faculty to have remote access to collections 24/7; ask questions of reference librarians who are subject specialists via text messaging, email or live chat; link to the Library via Facebook; and create multimedia in the Library's state-of-the-art Student Multimedia Design Center with studios, workstations, and cameras for loan.

Electronic journals and databases for research and instruction licensed by the Library provide millions of documents and references available only by subscription and not freely on the Internet. Examples are large databases like the Web of Science, and JSTOR; image databases like ARTstor; and comprehensive worldwide resources such as WorldCat Local with its links to over 182 million books and 100 million article citations. The Library also has created online Library Subject Guides which are an excellent place to begin research on a specific topic.

Please ask for assistance of Library staff at any service desk or online. May your library experience be abundant with enrichment and scholarly achievement!

The Facebook page has a variety of tools to help students gain access to important library information. Facebook users can also begin research using DELCAT or *WorldCat Local*.

Visitors can access "Ask a Librarian," an option that lets the user send questions via instant messaging (IM) to reference librarians. The page also features video tutorials, videos students made using the resources in the Student Multimedia Design Center, and historic photographs in Flickr.

A discussion board permits Facebook visitors to communicate with staff about library-related issues. The page complements other virtual services that the Library offers students, such as chat reference, text messages, and email.

Students and others can find the University of Delaware Library in Facebook at **www.facebook.com/UDLibrary** and become a fan.

How to Print from Library Computers

High speed printers are connected to Library computers. To pay for printing, University of Delaware students, faculty, and staff swipe their University of Delaware ID cards at the "print release stations" next to printers. Those without UD ID cards may purchase blank Library Copy Cards for $1 at the Student Multimedia Design Center desk. Funds may be added to both UD ID cards and Library Copy Cards at the Student Multimedia Design Center desk or at the Value Transfer Station, both located on the Lower Level of the Morris Library.

The charge for printing from the more than 200 computer workstations in the University of Delaware Library is 5 cents/page single-sided printing, and 4 cents/side for double-sided printing. Printing from DELCAT, the Library online catalog, is at no charge.

University of Delaware departments may obtain a "Department" UD1/FLEX card through the UD1/FLEX Office, and arrange to add departmental funds to that card by contacting Kathy Phelps at the UD1/FLEX Office at phelps@udel.edu or 302-831-4033.

Join the University of Delaware Library Associates

The University of Delaware Library Associates, a "friends of the library" group, support Library collections and programs through contributions from individual and corporate members. The Library Associates contribute to the University of Delaware cultural community by sponsoring three events each year to which all members of the Library Associates are invited. An exhibition opening, an annual dinner and lecture, and a faculty lecture in the spring are usually held each year.

All members of the University community, including students, are invited to join the Library Associates. Annual dues begin at $35 with a special rate for students at $5. Membership information is available at **www2.lib.udel.edu/udla**, via email at UDLA@udel.edu, or by calling 302-831-2231.

## Group Study Rooms in the Morris Library

The Morris Library has 21 small Group Study Rooms available for the use of students on a first-come, first-served basis. During early fall 2010, 8 new Group Study Rooms, funded by the Unidel Foundation, will be built in the Periodicals Room on the first floor. Group Study Rooms, which are located on every floor of the Morris Library, hold from four to twelve students, have electrical outlets, and have data connections for laptop use. The purpose of the Group Study Rooms is to provide a location for student group discussion and collaborative learning relating to the curriculum. The rooms are not available for meetings, for formal classroom instruction, for social purposes, or for any purpose other than group study. The rooms are not scheduled and are unlocked at all times. Check the Morris Library map for Group Study Room locations at **www.lib.udel.edu/info/maps/pdf/morris-library-all-floors.pdf.**

DELCAT: The Library Online Catalog
delcat.udel.edu

DELCAT is the online catalog of the University of Delaware Library. It includes information about more than 2,800,000 volumes; 450,000 government publications; 20,000 videos and films; 3,400,000 items in microform; and over 31,000 current serials including electronic journals in the Library collections. This same information is accessible through *WorldCat Local*, a search interface that includes materials from other libraries as well as article information.

DELCAT also provides direct links to electronic journals and other online resources and allows users to search specific libraries or collections.

WorldCat Local
udel.worldcat.org

WorldCat Local encompasses the holdings of over 10,000 libraries around the world, including the University of Delaware Library. It includes records for over 182,000,000 books, CDs, DVDs, maps, Internet resources as well as archival materials. The database is continually updated with a record added every 10 seconds.

WorldCat Local also contains over 100,000,000 article-level records from over 36,000 journals and 100,000 conference proceedings extracted from the ArticleFirst®, British Library Inside serials, ERIC, GPO (Government Printing Office), H.W. Wilson, and PubMed databases. A new meta-search feature will be added during the Fall 2010 semester that will allow users to perform a single search that will cover many of the over 300 databases to which the Library subscribes.

In a single search, users can easily identify a broad array of high-quality research materials. Users can browse their search results by author, format, or year of publication.

The University of Delaware Library was one of the first libraries in the nation to offer this innovative service.

Where to Find Articles Online

Databases provided by the Library allow simultaneous searching of thousands of journals to find articles. Many of the databases incorporate the library's "Get It!" function that links directly from the database to electronic journals to which the library subscribes. A simple click of the "Get It!" button will retrieve the full text of the article.
- Go to the Library home page and click on Databases to find the complete list of databases, or go to **www.lib.udel.edu/db**
- Databases which include "Get It!" links are marked with a star.

Electronic Journals & Electronic Newspapers

Electronic journals and electronic newspapers provided by the Library allow for searching and reading articles online.
- To find electronic journals, go to the Library home page and click on E-Journals, or go to **www.lib.udel.edu/ej/**
- To find electronic newspapers, go to the Library home page and click on More Resources, then Electronic Newspapers, or go to **www2.lib.udel.edu/subj/newspapers/internet.htm#current**

Insert Article URL Links

Faculty can place URLs to articles from databases and electronic journals on Sakai or course syllabi to create online reading lists.

RefWorks — Organize References Online!

Managing references and creating bibliographies for research papers have always been time-consuming, complex tasks. *RefWorks* at **www2.lib.udel.edu/database/refworks.html** will save time and make the task easier. This Web-based citation manager allows creation of a personal database by importing references from online databases. These references are used in automatically formatting the paper and the bibliography in seconds.

The University of Delaware Library subscribes to *RefWorks* for all UD users and offers workshops throughout the year covering the basics of setting up a *RefWorks* account, exporting citations from research databases, and importing the citations to a personal *RefWorks* account. Additional workshops cover the Write-N-Cite feature, which makes it easy to insert properly formatted notes and citations into an MS Word document.

Information regarding *RefWorks* workshops is available at: **www2.lib.udel.edu/usered/workshops/current.htm**

RefWorks is available from the list of Library databases. To use *RefWorks* in conjunction with a Library database, log on to the database and to *RefWorks*. Remote users need proxied connections to the database as well as to *RefWorks*.

Grants Information @ the Library

Making sense of the grant-seeking process in today's economic environment can be a daunting task. By providing knowledgeable staff and a variety of research tools, the Library seeks to make the process easier. The Library is a Foundation Center Cooperating Collection, one of more than 400 reference collections located throughout the world, and maintains a specialized collection of databases, books, and journals on grantsmanship and proposal writing.

Thousands of grants are available and databases help users zero in on funding organizations that are most likely to fund their project. Such databases include:

▶ *COS Funding Opportunities*, an international resource for information on federal and private research funding in all disciplines.

▶ *Foundation Directory Online Professional*, a database for nonprofit agencies seeking grants from foundations, corporate donors, or grant-making public charities. It is best suited for universities and other nonprofit agencies seeking grants.

▶ *Foundation Grants to Individuals Online*, an online directory for individuals seeking scholarships, fellowships, awards, or grants to individuals.

▶ *Grants.gov*, a common Web site for all federal grant opportunities. The site is searchable by keyword, federal funding agency, or date.

The Library Subject Guide on Resources for Foundations and Grants provides links to databases, electronic journals, internet resources, and more and is online at **www2.lib.udel.edu/subj/foce/**.

A brief tutorial on funding resources at the Library is available by appointment with the Collection supervisor, Carol Rudisell, by sending an email to rudisell@udel.edu, or by calling 302-831-6942. Information on upcoming Library workshops on grants is available on the Library Web at: **www2.lib.udel.edu/usered/workshops/current.htm**.

Web of Science

Web of Science is one of the most important databases accessible via the University of Delaware Library. It provides references, abstracts, and links to full text for more than 10,700 international journals in the sciences, social sciences, and the arts and humanities. It is a citation database that includes the *Science Citation Index Expanded* (1900-present), *Social Sciences Citation Index* (1956-present), and *Arts & Humanities Citation Index* (1975-present).

Web of Science links references to both the online full text of articles in journals and to related articles, thus allowing a broad search across disciplines. The power of *Web of Science* as a research tool is due to its comprehensive subject coverage and its ability to link related articles through their bibliographic citations. The citation data allows a library user to begin with a known, relevant journal article and find other, more recent articles that cite it.

Web of Science is the premier database in the "Get It!" service linking to full-text journal articles. Select *Web of Science* from the databases at **www.lib.udel.edu/db**.

Start Research Here: Online Subject Guides

Library staff members have created more than 130 Web-based subject guides for nearly all academic disciplines in which the University offers degrees, plus subject guides on other topics. The online subject guides provide links to University of Delaware Library databases, electronic journals, DELCAT, and Internet resources considered by a subject specialist to be the best on a subject. They are an extensive list of the best scholarly Web sites on that topic and are updated regularly. From the Library home page, users may select Subject Guides or go to **www2.lib.udel.edu/subj**.

Streaming Video and Web Guides to Video

Audiovisual content is increasingly becoming available on the Internet. The Library subscribes to streaming video collections. One example is *Theatre in Video* at **www2.lib.udel.edu/database/ativ.html** from Alexander Street Press, which contains more than 500 hours of plays.

An annotated Webliography, accessible at **www2.lib.udel.edu/subj/film/resguide/streamingweb.htm** contains a selection of freely available multimedia search engines and streaming video content sites.

The Instructional Media Collection Department Web page at **www.lib.udel.edu/ud/instructionalmedia** provides further information on media-use policies and scheduling procedures.

Course Reserves & Electronic Resources

The University of Delaware Library provides on-site course reserve and electronic course reserve services to support class instruction. On-site course reserve materials submitted by faculty are made available in the Reserve Room of the Morris Library or in the branch libraries. Guidelines are available at **www.lib.udel.edu/ud/reserve/faculty.html** under On-Site Reserves.

In electronic course reserves, the Library scans materials submitted by faculty and posts the digital images for registered students via DELCAT. Faculty interested in providing electronic access to course reserve readings can go to **www.lib.udel.edu/ud/reserve/semester.html** for more information.

All reserve reading lists are available in DELCAT under the Search Course Reserves section.

Library Instruction Tailored for University Classes

Librarians offer assistance to faculty and instructors by providing instruction sessions that are tailored to meet the specific goals of each course. Topics frequently covered in such instruction sessions include basic and advanced research techniques, finding books and articles related to student assignments, and navigating subject specific library databases. Librarians also provide tours and general orientations for high school students and other community groups. For more information, users may visit the Web page at **www2.lib.udel.edu/usered** for Library Instruction information.

Online Reference Services

Need help with selecting databases or want tips on searching DELCAT, *WorldCat Local*, library databases, or the Internet? Go online and Ask a Librarian! There are four ways that UD faculty, staff, and students can obtain online assistance from reference librarians who are available to provide answers to quick factual questions and assistance with sources or search strategies.

▶ AskRef: E-Mail Reference

Send an e-mail to AskRef and receive a reply within 24 hours (Monday through Friday). Questions may be sent using the AskRef form that is linked from the Ask a Librarian Web page.

▶ AskRef *Live!*

AskRef *Live!* is a service that allows the UD community to chat and search Web pages with librarians. The chat service is offered through your Web browser and no account or special software is required. Following a session, users receive via email a transcript of the online discussion.

▶ Text Messaging

Text a question to a librarian by using a cell phone and sending a message to 265010. Be sure to include **AskRefIM**: at the beginning of your message.

▶ Instant Messaging

UD faculty, staff, and students can send an instant message to a librarian for help with questions. Add a library screen name to your buddy list:

AIM: AskRefIM

Google: AskRefIM@gmail.com

MSN: AskRefIM@hotmail.com

Yahoo!: AskRefIM

Individual Consultation and Assistance

Subject specialist librarians are available to meet with faculty, students, and staff to provide assistance in identifying appropriate electronic and print resources for coursework or personal research. They can also demonstrate and discuss new library resources and services. Library users can call the Information Desk at 302-831-2965 or contact the appropriate subject specialist librarian at **www2.lib.udel.edu/usered/subj.htm** to make an appointment.

Reference and Information Desks

A library visit may begin with a stop at the Information Desk, which is located near the entrance to the Morris Library. Staff at this desk answer basic questions about library resources and services, provide directions, and direct users to specialized library units. The Reference Desk, located in the Reference Room of the Morris Library, is staffed by professional librarians who assist researchers with database searching or identifying with appropriate library resources. The Reference Room has an extensive collection of printed reference materials and is equipped with computers to access online resources. The Reference Desk receives questions in person, by phone 302-831-2965, and online -- see Online Reference Services.

Some films and videos are restricted due to heavy instructional use and so may be checked out only by faculty, graduate students, and professional staff. Undergraduate students and other users may view these restricted items in the Instructional Media Collection Department's viewing carrels.

Special Collections: Rare Books, Manuscripts, and Exhibitions

The Special Collections Department is located on the Second Floor of the Morris Library. Holdings include books, manuscripts, maps, prints, photographs, broadsides, periodicals, pamphlets, ephemera, and realia from the 15th to the 21st century. The collections complement the Library general collections with strengths in the arts; English, Irish, and American literature; history and Delawareana; horticulture; history of science and technology; and the book arts.
These materials are available for research use by all University of Delaware faculty, staff, students, and visiting scholars. Materials do not circulate, and photocopying of bound items is restricted. A laptop computer is available for use in Special Collections.

Special Collections holdings are distinguished by their subject matter, age, rarity, association with the author or earlier owners, special illustrations or binding, textual or historical significance, fragile format, or other criteria. Among the collections are manuscripts and significant editions of works by

Shakespeare, William, 1564-1616.

selected 20th century American authors, for example, Alice Dunbar-Nelson, Tennessee Williams, and Paul Bowles.

Exhibitions of materials from Special Collections are featured in the Special Collections Exhibition Gallery with two major exhibitions each year and are occasionally accompanied by a published guide or catalog. The exhibitions also contribute to scholarship in a field, interpret aspects of the collections, and commemorate historic and cultural events. Adjacent to the Exhibition Gallery is the Lincoln Exhibit which features items from the Lincoln Collection. Online versions of exhibitions, as well as other online resources, including finding aids for many manuscript and archival collections, are available at **www.lib.udel.edu/ud/spec** via the Special Collections Web.

Exhibitions on the First Floor of the Morris Library highlight areas of the Library general collections.

The Mark Samuels Lasner Collection

The Mark Samuels Lasner Collection is housed in the Morris Library and is associated with the Special Collections Department. The collection focuses on British literature and art of the period 1850 to 1900, with an emphasis on the Pre-Raphaelites and on the writers and illustrators of the 1890s. Its holdings comprise 7,500 first and other editions (including signed and association copies), manuscripts, letters, works on paper, and ephemera. Although the materials in the Mark Samuels Lasner Collection are not listed in DELCAT, access is available by appointment.

Use Cards to Copy and Print

UD students, faculty, and staff may use their University of Delaware ID card to make copies or to print from a computer in the Library. Library users may add money to the card at the Value Transfer Station on the Lower Level or by one of the deposit methods approved by the University of Delaware.

Staff at the Student Multimedia Design Center can add value to the card. Staff can also make copies for users for a fee.

Non-UD users may purchase a new blank copy card at the Student Multimedia Design Center on the Lower Level and add value, or from Copy Card dispensers on the first and second floors.
