## DELICAT The Library Online Catalog

DELICAT is the online catalog of the University of Delaware Library. It includes information about more than 2,700,000 volumes; 440,000 government publications; 16,000 videos and films; 3,400,000 items in microtext; and over 12,000 current serials including electronic journals in the Library collections.

DELICAT also provides direct links to electronic journals and other online resources and allows users to search specific libraries or collections. Firefox version 1.5, Netscape 6.0, or later releases of these web browsers work most effectively with DELICAT.

<http://delcat.udel.edu>

Questions regarding DELICAT may be sent via e-mail to the Library at [askref@poole.lib.udel.edu](mailto:askref@poole.lib.udel.edu) or go to Ask a Librarian at [www2.lib.udel.edu/ref/askalib](http://www2.lib.udel.edu/ref/askalib).

## Where to Find Articles Online

**Databases** provided by the Library allow searching of thousands of journals at once to find articles. Full-text databases are those with entire articles online. Some full-text databases, such as *JSTOR*, go back 100 years or more. A list of full-text databases can be found at [www2.lib.udel.edu/eresources/fulltext](http://www2.lib.udel.edu/eresources/fulltext).

- Go to the Library home page and click on Databases to find more than 240 databases, or go directly to [www.lib.udel.edu/db](http://www.lib.udel.edu/db) for the complete list of databases.
- Full-text databases and electronic journals provide articles from more than 40,000 journals and newspapers.

### Electronic Journals & Electronic Newspapers

Electronic journals and electronic newspapers provided by the Library allow searching or reading articles online.

- To find electronic journals, go to the Library home page and click on Electronic Journals, or go directly to [www.lib.udel.edu/db/ejrnl.html](http://www.lib.udel.edu/db/ejrnl.html).
- To find electronic newspapers, go to the Library home page and click on Resources, then Electronic Newspapers, or go directly to [www2.lib.udel.edu/subj/newspapers/db.htm](http://www2.lib.udel.edu/subj/newspapers/db.htm).

### How to Insert Article URL Links:

Faculty can place cut-and-paste URL links to articles from databases and electronic journals on WebCT or course syllabi to create online reading lists. More information about creating links to articles is at [www2.lib.udel.edu/usered/purls/index.htm](http://www2.lib.udel.edu/usered/purls/index.htm).

## Image Databases: ARTstor, AccuNet/AP and More

The Library subscribes to numerous image databases, including *ARTstor* and *AccuNet/AP Multimedia Archive*. The Library developed an electronic image web page listing many image sources at [www2.lib.udel.edu/eresources/digitalimages](http://www2.lib.udel.edu/eresources/digitalimages).

University of Delaware Library users can incorporate photos or graphics into their course, project, or web site using resources provided by the Library.

### ARTstor

The *ARTstor Digital Library* is comprised of digital art images and related data, the tools to make active use of those images, and an online environment intended to balance the interests of users with those of content providers. The Charter Collection contains approximately 300,000 digital images of visual material from different cultures and disciplines, and it seeks to offer sufficient breadth and depth to support a wide range of non-commercial educational and scholarly activities. *ARTstor* is accessible at [www.artstor.org/info](http://www.artstor.org/info).

### AccuNet/AP Multimedia Archive: Photographs

The *AccuNet/AP Multimedia Archive* database provides access to more than 1,000,000 photos and graphics from the AP wire service from the 1860s until today on all subjects. It is updated daily with 800 photos per day. *AccuNet/AP Multimedia Archive* is accessible at <http://accuweather.ap.org/cgi-bin/aplaunch.pl>.

### scholar.google.com

Google™ Scholar is a beta test system by Google™ that enables users to search for scholarly literature, including peer-reviewed papers, theses, books, preprints, abstracts, and technical reports covering a number of broad areas of scholarly inquiry.

Currently the University of Delaware Library, through the Databases and Electronic Journals web pages, provides access to many more online full-text articles than are included in Google™ Scholar.

Google™ Scholar is being recognized by libraries and researchers across the country as an additional means of facilitating the research process. It is important to recognize that UD students, faculty, and staff are able to immediately view many entire articles found in Google™ Scholar because the UD Library subscribes to, pays for, and licenses access to thousands of electronic journals that are included in Google™ Scholar. Users who are not accessing the Internet through the UD network may see only a request to purchase that article and not the entire article.

Article Express, an exciting service designed and developed by the University of Delaware Library, offers one-stop access to scholarly information via the Library web. Search thousands of journals from major academic publishers via the *Web of Science* and other leading databases that cover numerous disciplines.

Databases that include the Article Express service have direct links to the full text of journal articles available online, 24 hours a day, 7 days a week. A link to Article Express is available on the Library web or at [www2.lib.udel.edu/database/docs/ae.html](http://www2.lib.udel.edu/database/docs/ae.html).

## Music Databases: Classical Music Library and Naxos

The University of Delaware Library subscribes to two databases of music: *Classical Music Library* and *Naxos Music Library*.

Access to both databases is enabled by the Henry Newton Lee Jr. Family Library Music Fund. Access to the databases is available to students, faculty, and staff from classroom, office, and residential halls 24 hours a day, 7 days a week.

*Classical Music Library*, produced by Alexander Street Press, is an ever-growing, fully searchable classical music resource which is a comprehensive database of distinguished classical recordings. It includes tens of thousands of licensed recordings that users can listen to on the Internet.

It contains music from medieval to contemporary, from choral works to symphonies, operas and the avant-garde and includes multiple versions of works to enable comparative listening by students, a major bonus for academics. Users can listen and learn at any time from any computer, while simultaneously searching and browsing the reference database.

Naxos, the world's leading producer of classical music, produces more new recordings than any other label or corporate entity. *Naxos Music Library* provides the complete Naxos, Marco Polo, and

Da Capo catalogs as well as jazz and world music, educational products, and a growing range of historical recordings featuring the biggest performers in the history of classical music. Naxos is in the process of adding catalogs of other independent labels including Celestial Harmonies, Analekta, BIS, ARC, First Edition, and CBC to the Library. Naxos expects to continue to include leading independent labels from around the world. Users browse, search, click, and then listen to the music over the Internet through headphones.

*Classical Music Library* can be accessed at [\[www2.lib.udel.edu/database/cml.html\]](http://www2.lib.udel.edu/database/cml.html).

*Naxos Music Library* can be accessed at [\[www2.lib.udel.edu/database/nml.html\]](http://www2.lib.udel.edu/database/nml.html).

These databases are supported by a gift from the Henry Newton Lee Jr. Family Library Music Fund.

## Eighteenth Century Collections Online (ECCO)

*ECCO* includes the digital images of every page of 150,000 books published during the 18th century, mainly in the United Kingdom but also in the Americas. With full-text searching of approximately 26 million pages, *Eighteenth Century Collections Online* allows researchers new methods of access to critical information in the fields of history, geography, literature, philosophy, religion, law, medicine, fine arts, science, social science, and more.

*ECCO* includes a variety of materials - from books and directories, Bibles, sheet music and sermons to advertisements - and works by many well-known and lesser-known authors, all providing a diverse collection of materials for the researcher of the eighteenth century. *ECCO* was acquired with the support of the Unidel Foundation.

## Web of Science

*Web of Science* is one of the most important databases accessible via the University of Delaware Library. It provides references, abstracts, and links to full text for more than 8,700 international journals in the sciences, social sciences, and the arts and humanities. It is a citation database that includes the Science Citation Index Expanded (1945-present), Social Sciences Citation Index (1956-present), and Arts & Humanities Citation Index (1975-present).

*Web of Science* links references to both the online full text of articles in journals and to related articles, thus allowing a broad search across disciplines. The power of *Web of Science* as a research tool is due to its comprehensive subject coverage and its ability to link related articles through their bibliographic citations. The citation data allows a library user to begin with a known, relevant journal article and find other, more recent articles that cite it.

*Web of Science* is the premier database in the Library's Article Express service, which provides access online to the full text of journal articles online from a variety of publishers.

## Institutional Repository

The University of Delaware is one of the first universities in the nation to create an institutional repository for research and scholarship. The Institutional Repository is available at [\[dspace.udel.edu\]](http://dspace.udel.edu).

"The Institutional Repository provides one-stop shopping for access to UD research (storing, indexing, preserving, and redistributing information)," said Susan Brynteson, the May Morris Director of Libraries.

The Institutional Repository is a library system that uses DSpace open-source software to make University of Delaware original research available in digital form, including technical reports, working papers, conference papers, images and more, through one interface. The repository is limited to materials for which the copyright is owned by the author or the University.

Information about placing research in the Institutional Repository is available by calling the administration office of the Library at 302-831-2231 or send an e-mail to Sandra Millard at [\[skm@udel.edu\]](mailto:skm@udel.edu), Gregg Silvis at [\[gregg@udel.edu\]](mailto:gregg@udel.edu), William Simpson at [\[jwsimpson@udel.edu\]](mailto:jwsimpson@udel.edu), or Susan Brynteson at [\[susanb@udel.edu\]](mailto:susanb@udel.edu).

## SciFinder Scholar

*SciFinder Scholar* is a desktop research tool that provides easy access to the information in the Chemical Abstracts Service databases, searching by author, topic, or chemical structure. *SciFinder Scholar* provides access to information about more than 27 million substances and links to the full text of electronic scientific journals on the web and in the University of Delaware Library.

*SciFinder Scholar* is unique in that it provides a full reaction query tool that enables users to build and explore complete reaction queries, including the ability to specify reaction sites and map atoms in the reactant to the product. Built-in intelligence permits drawing structures for many organic substances.

**These databases, and many more, can be accessed at [\[www.lib.udel.edu/db\]](http://www.lib.udel.edu/db).**

# Instructional Resources

## Start Research Here: Online "Subjects A-Z" Guides

Bookmark subject guides or use them in course syllabi

Library staff have created and update regularly more than 105 comprehensive subject guides for nearly all disciplines in which the University offers degrees. The online subject guides provide links to the University of Delaware Library databases, electronic journals, DELCAT, and Internet resources considered by a subject specialist to be the best on a subject — an extensive list of the best scholarly web sites on that topic and pertinent University web pages. From the Library home page, users may select Subjects A-Z or go directly to [\[www2.lib.udel.edu/subj\]](http://www2.lib.udel.edu/subj).

### Multimedia Workstation for Video Editing

University of Delaware students, faculty, and staff have access to a multimedia workstation for video editing, located in the video carrel area of the Instructional Media Department on the lower level of the Morris Library. The workstation consists of a Dell computer with Pentium 4 processor and a 20-inch LCD monitor.

Video editing software for beginning, novice, and experienced users includes Roxio DVD Creator, ULEAD VideoStudio, and the Adobe Video Collection.

The Student Multimedia Design Center will replace the Multimedia Workstation in 2007.

## Course Reserves

The University of Delaware Library provides both traditional course reserve and electronic course reserve services to support class instruction. In traditional course reserve, materials submitted by faculty are made available in the Reserve Room of the Morris Library or in the branch libraries. Guidelines are under Course Reserves (click on Services on the Library web).

**Electronic Course Reserves** provides digital images of course material submitted by faculty, scanned by the Library, and made available to registered students via DELCAT. In DELCAT, the Search Course Reserves section provides course reading lists.

Faculty interested in providing electronic access to course reserve readings for students under established guidelines can view the Electronic Reserves Information for Faculty at [\[www.lib.udel.edu/ud/reserve/erinfo.html\]](http://www.lib.udel.edu/ud/reserve/erinfo.html)

## Wireless and Wired Access for Laptop Computers

Wireless access is available in the Morris Library covering all floors and in the branch libraries. The Library also provides more than 200 wired locations for laptop connections to the campus network, including branch libraries locations.

Laptop computers need to use roaming IP to connect to the Internet in the Morris Library. Instructions on how to set up roaming IP for laptops can be found at [\[www2.lib.udel.edu/eresources/connect.html\]](http://www2.lib.udel.edu/eresources/connect.html).

## Presentations for University Classes

Librarians regularly meet with undergraduate and graduate classes at the request of faculty to describe and discuss research techniques, demonstrate relevant databases, and to explain the resources available about a particular topic or discipline. Orientation sessions for special groups of users and Morris Library tours may be scheduled upon request. Questions can be directed to the Reference Desk or by calling 302-831-2432.

For more information, users may visit the web page for Library Instruction at [\[www2.lib.udel.edu/usered/\]](http://www2.lib.udel.edu/usered/).

## Branch Library Renovations

### Physics Library

The University of Delaware Physics Library renovation was completed in early 2006 and included complete redesign of the existing space including construction of a wall to separate study and service areas, painting, new ceiling and lighting, all new shelving and furniture. The Physics Library now has an elegant appearance and areas for both quiet study and group interaction. The area includes both wired and wireless computer connections and six new computers, a scanner, and a laser printer.

New services at the Physics Library include telescope checkout, capability for quick turnaround for electronic reserves, scanning, and courseware access on all public computers.

# Special Collections: Rare Books, Manuscripts, and Exhibitions

Illustration derived from an illustration by Robert Fuqua in *Amazing Stories*, April 1939, copyright status unknown. Special Collections, University of Delaware Library.

The Special Collections Department is located on the Second Floor of the Morris Library. Holdings include books, manuscripts, maps, prints, photographs, broadsides, periodicals, pamphlets, ephemera, and realia from the 15<sup>th</sup> to the 20<sup>th</sup> century.

The collections complement the Library general collections with strengths in the arts; English, Irish, and American literature; history and Delawareana; horticulture; history of science and technology; and the book arts.

These materials are available for research use by all University of Delaware faculty, staff, students, and visiting scholars. Materials do not circulate and photocopying of bound items is restricted. A laptop computer is available for use in Special Collections.

Special Collections holdings are distinguished by their subject matter, age, rarity, association with the author or earlier owners, special illustrations or binding, textual or historical significance, fragile format, or other criteria. Among the collections are manuscripts and significant editions of works by selected 20<sup>th</sup> century American authors, for example, Alice Dunbar-Nelson, Tennessee Williams, and Paul Bowles.

Exhibitions of materials from Special Collections are featured in the Special Collections Exhibition Gallery with two major exhibitions each year, and are occasionally accompanied by a published guide or catalog. The exhibitions also contribute to scholarship in a field, interpret aspects of the collections, and commemorate historic and cultural events.

Special Collections also coordinates exhibitions on the First Floor of the Morris Library, which highlight areas of the Library general collections.

Online versions of exhibitions, as well as other online resources, including finding aids for many manuscript and archival collections, are available via the Special Collections web at [\[www.lib.udel.edu/ud/spec\]](http://www.lib.udel.edu/ud/spec).

## An Invitation to Join the University of Delaware Library Associates

The University of Delaware Library Associates, a "Friends of the Library" group, assist in the support of Library collections and programs through contributions from individual and corporate members. Through funds raised, the Library Associates aids in building research collections and in making the collections better known to the University and scholarly communities and to the general public.

All members of the University community,

including students, are invited to join the Library Associates. The Library Associates also contributes to the University of Delaware cultural community by sponsoring three events each year to which all members of the Library Associates are invited. There is an exhibition opening in the fall, the annual dinner and lecture in April, and the faculty lecture in June.

Annual dues begin at \$35 and include a special rate for students at \$5. Membership information is available via the Library web or directly at [\[www2.lib.udel.edu/udla\]](http://www2.lib.udel.edu/udla). ## Librarian Subject Area Responsibilities

Librarians are responsible for collection development and library instruction in subject areas that support the curriculum and research needs of the University of Delaware. All suggestions for books, journals, media, electronic media, microforms, and journal backfiles should be forwarded to the librarian responsible for the subject area. All requests from faculty for discipline specific instruction should be referred to subject librarians. The following is a list of librarians who are subject specialists that make recommendations for the collection development decision-making process for both traditional and electronic library resources. Faculty who wish to make suggestions regarding desired library materials are encouraged to contact the appropriate subject specialist directly.

# Library Commons, Bleecker Street, and 24-hour Study

The newly renovated Bleecker Street is located just inside the main entrance and was renovated in the summer of 2006 with a new look and a new menu! Library users will see new tables and chairs, the new Bleecker Street Café, vending machines, wired and wireless Internet access. The Library Commons is also accessible from the terrace on the north side of the Morris Library.

During the latter periods of the fall and spring semester through final exams the Morris Library Commons is open 24 hours a day for around-the-clock study. During other periods, the Commons is available whenever the Morris Library is open. For Library hours, users may call 302-831-BOOK or go to [\[www2.lib.udel.edu/hours\]](http://www2.lib.udel.edu/hours).

To preserve the Library collections, equipment, and facilities, Library users are asked not to bring food beyond the double-glass doors of the Morris Library. Closed or resealable drink bottles/containers with lids are permitted. The Library wishes to provide materials, services, and a handsome facility to today's Library users as well as to future Library users. With the financial assistance of Dining Services, patrolling Public Safety officers and monitors help the Library staff maintain an atmosphere conducive to studying and reading and ensure that policies about food and drink are implemented.

Library users are asked to take a sensible approach in caring for the Library as a valuable resource.
