

# Electronic Resources

## DELICAT The Library Online Catalog

DELICAT is the online catalog of the University of Delaware Library. It includes information about more than 2,600,000 volumes; 430,000 government publications; 15,000 videocassettes and films; 3,300,000 items in microtext; and over 12,000 current serials including electronic journals in the Library collections.

DELICAT also provides live web links to electronic journals and other online resources and the ability to search specific libraries or collections. Microsoft Internet Explorer version 5.5, Netscape 6.0, or higher releases of these web browsers work most effectively with the new DELICAT.

<http://delcat.udel.edu>

Questions regarding DELICAT may be sent via e-mail to the Library at [askref@poole.lib.udel.edu](mailto:askref@poole.lib.udel.edu) or go to Ask A Librarian at [www2.lib.udel.edu/ref/askalib](http://www2.lib.udel.edu/ref/askalib).

**Databases** provided by the Library allow searching of thousands of journals at once to find articles. Full-text databases are those with entire articles online. Some full-text databases, such as *JSTOR*, go back 100 years or more. A list of full-text databases can be found at [www2.lib.udel.edu/eresources/fulltext](http://www2.lib.udel.edu/eresources/fulltext).

- Go to the Library home page and click on Databases to find more than 230 databases, or go directly to [www.lib.udel.edu/db](http://www.lib.udel.edu/db) for the complete list of databases.
- Full-text databases and electronic journals provide articles from more than 32,000 journals and newspapers.

### Electronic Journals & Electronic Newspapers

Electronic journals and electronic newspapers provided by the Library allow searching or reading articles online.

- To find more than 6,800 current electronic journals, go to the Library home page and click on Electronic Journals, or go directly to [www.lib.udel.edu/db/ejrnl.html](http://www.lib.udel.edu/db/ejrnl.html).
- To find electronic newspapers, go to the Library home page and click on Resources, then Electronic Newspapers, or go directly to [www2.lib.udel.edu/subj/newspapers/db.html](http://www2.lib.udel.edu/subj/newspapers/db.html).

### How to Insert Article URL Links:

Faculty can place cut-and-paste URL links to articles from databases and electronic journals on WebCT or course syllabi to create online reading lists. More information about creating links to articles is at [www2.lib.udel.edu/usered/purls/index.html](http://www2.lib.udel.edu/usered/purls/index.html).

## Image Databases

Search by subject, date or location

AccuNet/AP Multimedia Archive is one of many electronic image databases provided by the University of Delaware Library.

UD Library users can incorporate photos or graphics into their course, project, or web site using resources provided by the Library.

The Library subscribes to numerous image databases, including *AccuNet/AP Multimedia Archive* and *ARTstor*. The Library developed an electronic image web page listing many image sources at [www2.lib.udel.edu/subj/elecimg](http://www2.lib.udel.edu/subj/elecimg).

### AccuNet/AP Multimedia Archive: Photographs

The *AccuNet/AP Multimedia Archive* database is a photo database that provides more than 500,000 photos and graphics from the AP wire service from the 1860s until today on all subjects. It is updated daily with 800 photos per day. Image databases are found on the Library web by clicking on Resources, then Electronic Images.

### Article Express

Article Express, an exciting service designed and developed by the University of Delaware Library, offers one-stop access to scholarly information via the Library web. Search thousands of journals from major academic publishers via the *Web of Science* and other leading databases that cover numerous disciplines.

Databases that include the Article Express service have direct links to the full text of journal articles available online, 24 hours a day, 7 days a week. A link to Article Express is available on the Library web or at [www2.lib.udel.edu/database/docs/ae.html](http://www2.lib.udel.edu/database/docs/ae.html).

### scholar.google.com

Google™ Scholar is a beta test system by Google™ that enables users to search for scholarly literature, including peer-reviewed papers, theses, books, preprints, abstracts, and technical reports covering a number of broad areas of scholarly inquiry. The service is still new but, so far, has incorporated material from journals such as *Nature*, records added daily from library catalogs from around the world supplied by OCLC (Online Computer Library Center), publishers such as the Association for Computing Machinery, as well as many other academic, technical, and scientific publishers.

Currently the UD Library, through the Databases and Electronic Journals web pages, provides access to many more online full-text articles than are included in Google™ Scholar.

Google™ Scholar is being recognized by libraries and researchers across the country as an additional means of facilitating the research process. It is important to recognize that UD students, faculty, and staff are able to immediately view many entire articles found in Google™ Scholar because the UD Library subscribes to, pays for, and licenses access to thousands of electronic journals that are included in Google™ Scholar. Users who are not accessing the Internet through the UD network may see only a request to purchase that article and not the entire article.

# Electronic Resources

## New Music Databases

The University of Delaware Library is pleased to announce the availability of two new databases in the field of music: *Classical Music Library* and *Naxos Music Library*.

Access to both databases is enabled by the Henry Newton Lee Jr. Family Library Music Fund. Access to the databases will be available to students, faculty and staff from classroom, office and residential halls 24 hours a day, 7 days a week.

*Classical Music Library*, produced by Alexander Street Press, is an ever-growing, fully searchable classical music resource which is a comprehensive database of distinguished classical recordings. It includes tens of thousands of licensed recordings that users can listen to on the Internet.

It contains music from medieval to contemporary, from choral works to symphonies, operas and the avant-garde and includes multiple versions of works to enable comparative listening by students, a major bonus for academics. Users can listen and learn at any time from any computer, while simultaneously searching and browsing the

reference database.

Naxos, the world's leading producer of classical music, produces more new recordings than any other label or corporate entity. *Naxos Music Library*

provides the complete Naxos, Marco Polo and Da Capo catalogs as well as jazz and world music, educational products and a growing range of historical recordings featuring the biggest performers in the history of classical music. Naxos is in the process of adding catalogs of other independent labels including Celestial Harmonies, Analekta, BIS, ARC, First Edition, and CBC to the Library. Naxos expects to continue to include leading independent labels from around the world. Users browse, search, click, and then listen to the music over the Internet through headphones.

*Classical Music Library* can be accessed at [\[www2.lib.udel.edu/database/cml.html\]](http://www2.lib.udel.edu/database/cml.html).

*Naxos Music Library* can be accessed at [\[www2.lib.udel.edu/database/nml.html\]](http://www2.lib.udel.edu/database/nml.html).

These databases are supported by a gift from the Henry Newton Lee Jr. Family Library Music Fund.

## Web of Science

*Web of Science* is one of the most important databases accessible via the UD Library. It provides references, abstracts, and links to full text for more than 8,500 international journals in the sciences, social sciences, and the arts and humanities. It is a citation database that includes the Science Citation Index Expanded (1945-present), Social Sciences Citation Index (1956-present), and Arts & Humanities Citation Index (1975-present).

*Web of Science* links references to both the online full text of articles in journals and to related articles, thus allowing a broad search across disciplines. The power of *Web of Science* as a research tool is due to its comprehensive subject coverage and its ability to link related articles through their bibliographic citations. The citation data allows a library user to begin with a known, relevant journal article and find other, more recent articles that cite it.

*Web of Science* is the premier database in the Library's Article Express service, which provides access online to the full text of journal articles online from a variety of publishers.

**These databases, and many more, can be accessed at [\[www.lib.udel.edu/db\]](http://www.lib.udel.edu/db).**

## Opposing Viewpoints

*Opposing Viewpoints Resource Center* is a unique full-text database of current event topics and social issues containing statistics along with the arguments of each topic's proponents and detractors. Along with full-text viewpoint essays, this database contains full-text articles from more than 30 major newspapers and magazines including *The New York Times*, the *Los Angeles Times*, *Newsweek*, and *Time*.

*Opposing Viewpoints Resource Center* draws on the acclaimed social issues series published by Greenhaven Press, including *Opposing Viewpoints Digests*, *Contemporary Issues Companions*, *Current Controversies*, and *At Issue*. The database also offers exclusive access to material from Information Plus reference program, including statistics, government data, laws and legislation, political positions, and public policies. The reference materials include selections from Macmillan Compendium of Social Issues and Great American Court Cases.

## LexisNexis Academic

*LexisNexis Academic* is a comprehensive news and information service and a good first step in research.

## SciFinder Scholar

*SciFinder Scholar* is a desktop research tool that provides easy access to the information in the Chemical Abstracts Service databases, searching by author, topic, or chemical structure. *SciFinder Scholar* provides access to information about more than 31 million substances and links to the full text of electronic scientific journals on the web and in the UD Library.

*SciFinder Scholar* is unique in that it provides a full reaction query tool that enables users to build and explore complete reaction queries, including the ability to specify reaction sites and map atoms in the reactant to the product. Built-in intelligence permits drawing structures for many organic substances.

**For Library hours,  
call 302-831-BOOK.**

## ARTstor is Here!

The *ARTstor Digital Library* is comprised of digital art images and related data, the tools to make active use of those images, and an online environment intended to balance the interests of users with those of content providers. The Charter Collection contains approximately 300,000 digital images of visual material from different cultures and disciplines, and it seeks to offer sufficient breadth and depth to support a wide range of non-commercial educational and scholarly activities.

# Instructional Resources

## Start Research Here: Subjects A-Z

Bookmark subject guides or use them in course syllabi

Library staff have created and update regularly more than 105 comprehensive subject guides for nearly all disciplines in which the University offers degrees. The online subject guides provide links to the UD Library databases, electronic journals, DELCAT, and the best Internet resources on a subject — an extensive list of the best scholarly web sites on that topic and pertinent University web pages.

From the Library home page, users may select Subjects A-Z or go directly to [[www2.lib.udel.edu/subj](http://www2.lib.udel.edu/subj)].

[www2.lib.udel.edu/subj](http://www2.lib.udel.edu/subj)

## Course Reserves

The UD Library provides both traditional course reserve and electronic course reserve services to support class instruction. In traditional course reserve, materials submitted by faculty are made available in the Reserve Room of the Morris Library or in the branch libraries. Guidelines are under Course Reserves (click on Services on the Library web).

Electronic Course Reserves provides digital images of course material submitted by faculty, scanned by the Library, and made available to registered students via DELCAT. In DELCAT, the Search Course Reserves section provides course reading lists.

Faculty interested in providing electronic access to course reserve readings for students under established guidelines can view the Electronic Reserves Information for Faculty at [[www.lib.udel.edu/ud/reserve/erinfo.html](http://www.lib.udel.edu/ud/reserve/erinfo.html)].

## Video & Film in the Morris Library

### Scheduling Media

The Library collection includes more than 15,000 videos and films searchable in DELCAT (see Search by Library Collection) that are available for scheduling by UD faculty and authorized teaching assistants for research and classroom instructional support. Students may view videos in library carrels or check out videos for classroom use if approved and scheduled by a faculty member. Student request forms are available in the Instructional Media Department. Audiocassette tapes and CD-Audio discs may be borrowed by users with a valid University of Delaware identification card. UD staff may schedule films and videos for University of Delaware programmatic functions. UD students, faculty, and staff may view the Library films and video collection and media placed on reserve with the presentation of a valid University of Delaware identification card. A Media Research Room is also available for individual faculty viewing and research of films and videos.

Additional information is available at [[www.lib.udel.edu/ud/instructionalmedia](http://www.lib.udel.edu/ud/instructionalmedia)] or by calling 302-831-8419.

### Multimedia Workstation for Video Editing

University of Delaware students, faculty, and staff have access to a multimedia workstation for video editing, located in the video carrel area of the Instructional Media Department on the lower level of the Morris Library. The workstation consists of a Dell computer with Pentium 4 processor and a 20-inch LCD monitor.

Video editing software for beginning, novice, and experienced users includes Roxio DVD Creator, ULEAD VideoStudio, and the Adobe Video Collection.

Media drives include the DVD  $\pm$  RW, CD-R, and CD-RW. The multimedia workstation can be used to edit video clips and save the finished video to DVD, VHS, or CD-Video.

For more information or to schedule an orientation to the multimedia workstation, contact the Instructional Media Department at 302-831-1475.

## Presentations for University Classes

Librarians regularly meet with undergraduate and graduate classes at the request of faculty to describe and discuss research techniques, demonstrate relevant databases, and to explain the resources available about a particular topic or discipline. Orientation sessions for special groups of users and Morris Library tours may be scheduled upon request. Questions can be directed to the Reference Desk or by calling 302-831-2432.

For more information, visit the web page for Presentations for University Classes at [[www2.lib.udel.edu/usered/present.htm](http://www2.lib.udel.edu/usered/present.htm)].

Students and other Library users may find an online tutorial helpful in starting research. The tutorial is found under Starting Library Research from the Library web page at [[www.lib.udel.edu](http://www.lib.udel.edu)] and then Guide to Library Research. Users can also reach the tutorial by going directly to [[www2.lib.udel.edu/e110](http://www2.lib.udel.edu/e110)].

Photo by Kathy Atkinson

## Library Computing Site

The Library Computing Site is located on the lower level of the Morris Library and has 47 computers for use by University students, faculty, and staff. Forty-two Windows computers and five Macintosh computers are connected to a local area network along with laser printers so that users can make high-quality printouts of their information for a fee. Color scanners, media card readers (compact flash, memory stick, etc.), CD-RW drives, and zip drives are also available.

Users can choose from a variety of installed software programs such as word processing, spreadsheet, database, statistics, and graphics applications, just to name a few. As the computers are connected to the UD computing network, users also have access to the Library databases, as well as access to e-mail and the web.

Faculty may schedule Room 006, the computing room at the rear of the computing site, for class sessions. Room 006 includes a ceiling mounted projector and computers.

More information, including a complete list of available software, can be found on the Library web at [[www.lib.udel.edu/ud/digital](http://www.lib.udel.edu/ud/digital)].

# Library Services

## Borrowing Books

- ▶ Books from the UD Library collection may be borrowed from the Circulation Desk in the Morris Library and any of the branch libraries.
- ▶ A valid UD identification card is required for borrowing (the individual associated with the identification card is solely responsible for all materials borrowed on his or her card and is liable for overdue fines and charges for lost and damaged materials).
- ▶ Overdue notices for current UD students, faculty, and staff are sent via e-mail.
- ▶ All library materials must be checked out before they can be taken from the Library. All library users are subject to the inspection of all materials at the exit gate prior to leaving the Library.
- ▶ All items in circulation may be recalled if needed by another researcher. Recall request forms are available at the Circulation Desk and on the Library web under Forms. Borrowing privileges are temporarily suspended if the borrower has one overdue recalled book.
- ▶ Items not requested by other users may be renewed as often as needed. Borrowers with ten or more books overdue have their borrowing privileges temporarily suspended until the overdue material is renewed or returned.
- ▶ Complete circulation policy information is available on the Library web. Click on Services and then Circulation, or go directly to Circulation Policies at [[www.lib.udel.edu/ud/circ/circpoln.htm](http://www.lib.udel.edu/ud/circ/circpoln.htm)].

## Renewing Books

UD faculty, students, and staff can view and renew their library books online!

- ▶ From the Library web, access DELCAT.
- ▶ Click on Sign In to enter UDeNet ID and password.
- ▶ Click on Books I Have Checked Out.

## Ask a Librarian for Assistance

### Interactive Reference

AskRef *LIVE!* is an online library service that allows students, faculty, and staff to communicate in real time with reference librarians at the University of Delaware Library to receive research assistance. Users can obtain answers to quick factual questions, find out how to begin their research, ask which databases will provide the best information about specific topics, or have librarians escort them through online searches of databases, DELCAT (the library catalog), or sites on the Internet.

Library users can simply click on  from the Library web at [[www.lib.udel.edu](http://www.lib.udel.edu)], fill in their name and e-mail address, type a question, and click on Connect to receive assistance.

The AskRef *Live!* service is available at the following times:

Monday through ..... 9 a.m. to 5 p.m.  
Thursday ..... and 6 p.m. to 10 p.m.  
Friday ..... 9 a.m. to 5 p.m.  
Sunday ..... 6 p.m. to 9 p.m.

### E-mail Reference

AskRef is the University of Delaware Library e-mail reference service. This service is intended for currently enrolled students, faculty, and staff of the University of Delaware. AskRef provides answers to brief, factual questions. The service cannot handle questions involving extensive research, but reference librarians will be glad to give assistance on sources and strategies. Librarians will check the electronic mailbox by 10 a.m. (Monday through Friday) and reply within 24 hours.

### Reference and Information Assistance

The Information Desk, located near the entrance to the Morris Library, is a place to obtain directions, get answers to basic questions about Library services and policies, and receive assistance searching DELCAT.

The Reference Desk, located in the Reference Room of the Morris Library, is staffed by professional librarians who are a valuable resource to students, faculty, and staff needing help with research. If more in-depth help is needed, subject specialist librarians are available by appointment to discuss specific projects.

The Reference Room contains an extensive collection of printed materials, such as dictionaries, encyclopedias, and other information resources. More than 200 Library workstations provide access to DELCAT, electronic databases, journals, subject guides to the best web sites, and the Internet.

Staff at both of these desks are eager to help!

### Faculty Consultation and Assistance

Librarians will meet individually by appointment with faculty to provide assistance in identifying appropriate electronic and print resources for their courses, and to demonstrate and discuss new resources and services. Librarians also meet by appointment with graduate students and others who need specialized assistance in finding and using information resources.

Questions can be directed to the Reference Desk at 302-831-2965 or by contacting the appropriate subject specialist librarian at [[www2.lib.udel.edu/usered/faculty/contacts.htm](http://www2.lib.udel.edu/usered/faculty/contacts.htm)].

## Microforms & Copy Services

### Lower Level — Morris Library

### Self-Service Scanning Made Easy

Three self-service scanner/copiers are now located near the Microforms & Copy Services desk. The scanners are as easy to use as a photocopy machine and allow scanning of both black-and-white and color materials. There is no charge for scanning. A fee is charged for printing.

### GIS and CD-ROM Workstations

The Digital Mapping Station allows users to make custom maps of almost any location in the world, incorporating various geographic and demographic themes. *ArcView* GIS software is available, as well as various data CD-ROMs and digital map collections and data on the Internet. A color laser printer for these maps is available.

### Available for Purchase

Items available for purchase include CD-Rs, CD-RWs, DVD-Rs, floppy disks, zip disks, VHS tapes, and laminating and specialty paper.

### Digital Microform Scanner

Digital Microform Scanners make using microforms easier and provide new ways to view and send microform images.

The Canon MS400 scanners allow Library users to scan a microfilm or microfiche image, and then enhance that image by enlarging it, brightening it, or changing the contrast. The images can be saved to a CD, disk, or e-mailed.

## Services for Users with Disabilities

Users with disabilities have physical access to the Morris Library through the main entrance ramp and power-assisted doors. Videos are available with closed captioning on designated video stations in Instructional Media on the lower level of the Morris Library. The Assistive Technology Center on the first floor is equipped with five state-of-the-art computers with screen reading software and optical scanners, a video magnifier for viewing printed materials, and JAWS for Windows. For assistance or an orientation to the Assistive Technology Center, users may contact the Reference Department at 302-831-2432.

More information, including a list of available assistive technologies, can be found on the Library web at [[www2.lib.udel.edu/atc/polatc.htm](http://www2.lib.udel.edu/atc/polatc.htm)].

## Special Collections: Rare Books, Manuscripts and Exhibitions

The Special Collections Department is located on the second floor of the Morris Library. Holdings include books, manuscripts, maps, prints, photographs, broadsides, periodicals, pamphlets, ephemera, and realia from the 15<sup>th</sup> to the 20<sup>th</sup> century.

The collections complement the Library general collections with strengths in the subject areas of the arts; English, Irish, and American literature; history and Delawareana; horticulture; history of science and technology; and the book arts.

These materials are available for research use by all UD faculty, staff, students, and visiting scholars. Materials do not circulate and photocopying of bound items is restricted. A laptop computer is available for use by readers in Special Collections.

Special Collections holdings are distinguished by their subject matter, age, rarity, association with the author or earlier owners, special illustrations or binding, textual or historical significance, fragile format or other criteria. Among the collections are manuscripts and significant editions of works by selected 20<sup>th</sup> century American authors, for example, Alice Dunbar-Nelson, Tennessee Williams, and Paul Bowles.

Exhibitions of materials from Special Collections are featured in the Special Collections Exhibition Gallery and are occasionally accompanied by a published guide or catalog. The exhibitions also contribute to scholarship in a field, interpret aspects of the collections, and commemorate historic and cultural events.

Special Collections also coordinates exhibitions on the first floor of the Morris Library, which highlight areas of the Library general collections.

Online versions of exhibitions, as well as other online resources, including finding aids for many manuscript and archival collections, are available via the Special Collections web at [[www.lib.udel.edu/ud/spec](http://www.lib.udel.edu/ud/spec)].

## The Mark Samuels Lasner Collection

New to the University of Delaware Library is the Mark Samuels Lasner Collection, which opened in March 2005. The collection, housed in the Morris Library and associated with the Special Collections Department, focuses on British literature and art of the period 1850 to 1900, with an emphasis on the Pre-Raphaelites and on the writers and illustrators of the 1890s. Its holdings comprise 2,500 first and other editions (including signed and association copies), manuscripts, letters, works on paper, and ephemera. Although the materials in the Mark Samuels Lasner Collection are not listed in DELCAT, access to them is available by appointment.

For more information, call 302-831-3250, e-mail [[lib-msl@winsor.lib.udel.edu](mailto:lib-msl@winsor.lib.udel.edu)], or visit [[www.lib.udel.edu/ud/spec/msl/index.htm](http://www.lib.udel.edu/ud/spec/msl/index.htm)].

## Library Digital Projects

### Special Collections: Exhibitions & Publications

The Special Collections Department sponsors two major exhibitions each year in the University of Delaware exhibition gallery as well as a series of smaller exhibitions in the Information Room on the main floor of Morris Library. Major exhibitions focus on a variety of subjects and feature books, manuscripts, ephemera, and realia from Special Collections. Smaller exhibitions showcase materials from the circulating collection and from Instructional Media.

Online versions of each exhibition can be viewed on the Special Collections web site at [[www.lib.udel.edu/ud/spec/exhibits.html](http://www.lib.udel.edu/ud/spec/exhibits.html)].

### Willard Stewart Photographs for the WPA & Historic American Buildings Survey

Willard S. Stewart, a Wilmington photographer, took photographs of Delaware buildings and landscapes for the WPA (Works Progress Administration) and HABS (Historic American Buildings Survey) during the 1930s. A total of 246 of his photographs have been digitized by the University of Delaware Library and can be browsed by city/town or subject. Historic buildings in Wilmington and New Castle are represented, as are businesses, factories, farms, waterscapes, and undeveloped land around the state of Delaware. The Willard Stewart Photographs for the WPA & HABS web site is [[www.lib.udel.edu/digital/wsp](http://www.lib.udel.edu/digital/wsp)].

### University of Delaware Library Postcard Collection

The University of Delaware Postcard Collection of over 2,000 postcards has been digitized by the Library and is now available online. The postcards date mainly from the very end of the nineteenth century to the mid-twentieth century and document Delaware buildings, monuments, towns, street scenes, and views. The postcard database can be searched by word or phrase or browsed by city, town, subject, or creator. The University of Delaware Postcard Collection web site address is [[www.lib.udel.edu/digital/dpc](http://www.lib.udel.edu/digital/dpc)].

Odessa  
Friends  
Meeting  
House in  
Odessa,  
Delaware

## An Invitation to Join the University of Delaware Library Associates

The University of Delaware Library Associates, a "Friends of the Library" group, assist in the support of Library collections and programs through contributions from individual and corporate members. Through funds raised, the Library Associates aids in building research collections and in making the collections better known to the University and scholarly communities and to the general public.

All members of the University community, including students, are invited to join the Library Associates. The Library Associates also contributes to the University of Delaware cultural community by sponsoring three events each year to which all members of the Library Associates are invited. There is an exhibition opening in the fall, the annual dinner and lecture in April, and the faculty lecture in June.

Annual dues begin at \$35 and include a special rate for students at \$5. Membership information is available via the Library web or directly at [[www2.lib.udel.edu/udla](http://www2.lib.udel.edu/udla)]. A membership brochure may be obtained by contacting 302-831-2231 or by sending an e-mail message to [[udla@udel.edu](mailto:udla@udel.edu)].

## Librarian Subject Area Responsibilities

Librarians are responsible for collection development in subject areas that support the curriculum and research needs of the University. All suggestions for books, journals, media, electronic media, microforms, and journal backfiles should be forwarded to the librarian responsible for the subject area. The following is a list of librarians who are subject specialists that make recommendations for the collection development decision-making process for both traditional and electronic library resources. Faculty who wish to make suggestions regarding desired library materials are encouraged to contact the appropriate subject specialist directly.

| <u>Librarian</u>                  | <u>E-mail Address</u>      | <u>Phone</u>            | <u>Librarian</u>                             | <u>E-mail Address</u> | <u>Phone</u>            |
|-----------------------------------|----------------------------|-------------------------|--|-----------------------|-------------------------|
| Accounting & Management           |                            |                         | Health & Exercise Sciences                   | Margaret Welshmer     | maggiw@udel.edu .6944   |

## Chemistry Library — Closed for Renovations

The Chemistry Library is being renovated along with all of Brown Lab during the next two years. The collections and staff moved out of Brown Lab in June 2005 for the duration of the construction project and will be available from temporary locations. The Chemistry Reference collection is housed on the lower level of the Morris Library, as are current journals and new books in the subject area. The circulating collection, including bound periodical volumes, is located in a remote site inaccessible to the public; these materials can still be borrowed, under regular Library regulations, by filling out an online request form at [[www.lib.udel.edu/cgi-bin/chem\\_loc.cgi](http://www.lib.udel.edu/cgi-bin/chem_loc.cgi)] or a paper form available at any Branch Library service desk and also at the Circulation Desk in the Morris Library. For more information about use of the collection or services during the renovation period, please visit the Chemistry Library web page, at [[www2.lib.udel.edu/branches/chem.htm](http://www2.lib.udel.edu/branches/chem.htm)]. Other inquiries about Chemistry Library services can be made by calling the Chemistry Library at 302-831-2993. Barbara Vaughn, Chemistry Library Supervisor, can be reached at this number or via e-mail at [[bvaughn@udel.edu](mailto:bvaughn@udel.edu)].

## Food and Drink in the Library

Refreshments are available in the Morris Library Commons for consumption in the Commons, on the Commons terrace, or in other outdoor locations.

To preserve the Library collections, equipment, and facilities, Library users are asked not to bring food beyond the double-glass doors of the Morris Library. Closed or resealable drink bottles/containers with lids are permitted. The Library wishes to provide materials, services, and a handsome facility to today's Library users as well as to future Library users.

With the financial assistance of Dining Services, patrolling Public Safety officers and monitors help the Library staff maintain an atmosphere conducive to studying and reading and ensure that policies about food and drink are implemented.

Library users are asked to take a sensible approach in caring for the Library as a valuable resource.

## Library Commons, Euro Bistro and 24-hour Study

The Morris Library Commons is located just inside the main entrance to the Morris Library and houses study tables and chairs, the Euro Bistro snack bar, vending machines, wired and wireless Internet access, and restrooms. The Library Commons is also accessible from the side patio of the Morris Library.

During certain periods of the fall and spring semester leading up to final exams, the Library Commons is open 24 hours a day for around-the-clock study. At other times, the Commons is open all the hours the Library is open. For Library hours, call 302-831-BOOK or go to [<http://www2.lib.udel.edu/hours>].
