University of Delaware Library
SPRING 2015 WORKSHOPS

Adobe Illustrator: The Basics is a very popular and robust program for those interested in graphic design. Since the art produced in Illustrator is vector-based, it is perfect for logos, typography and digital illustration. This workshop is for those with little or no experience with Illustrator who want to learn the basics.

Thursday, March 12, 2015, 10 a.m.-12 noon

Presenter: Nico Carver, Assistant Librarian, Multimedia Collections and Services Department

Adobe Photoshop: Advanced Masking Techniques introduces participants to sophisticated workflows using Photoshop's layer masks, quick masks, channels and paths. These methods are used for a variety of artistic and practical effects. This workshop will start at an advanced level; it is recommended that participants take some of our other Photoshop workshops first or have previous experience with Photoshop.

Thursday, March 5, 2015, 7-9 p.m.

Presenter: Nico Carver, Assistant Librarian, Multimedia Collections and Services Department

Adobe Photoshop: The Basics covers how to use the basic functions of Adobe Photoshop. Participants will learn how to crop, resize and combine images; use layers and layer masks; adjust curves, saturation and color; and export for the web or print.

Tuesday, February 17, 2015, 7-9 p.m.
Friday, February 27, 2015, 10 a.m.–12 noon

Presenter: Nico Carver, Assistant Librarian, Multimedia Collections and Services Department
