## About Professor Ben Yagoda

Professor Ben Yagoda teaches English and Journalism in the English Department of the University of Delaware and will speak about his recent book, *The B-Side: The Death of Tin Pan Alley and the Rebirth of the Great American Song*. The book provides information on broad musical trends through a series of intertwined stories about the songwriters and artists of the day. *The B-Side* also explores the cultural, social and economic changes that led to the decline of the Great American Songbook and the ascendancy of rock as the standard for the American pop song.

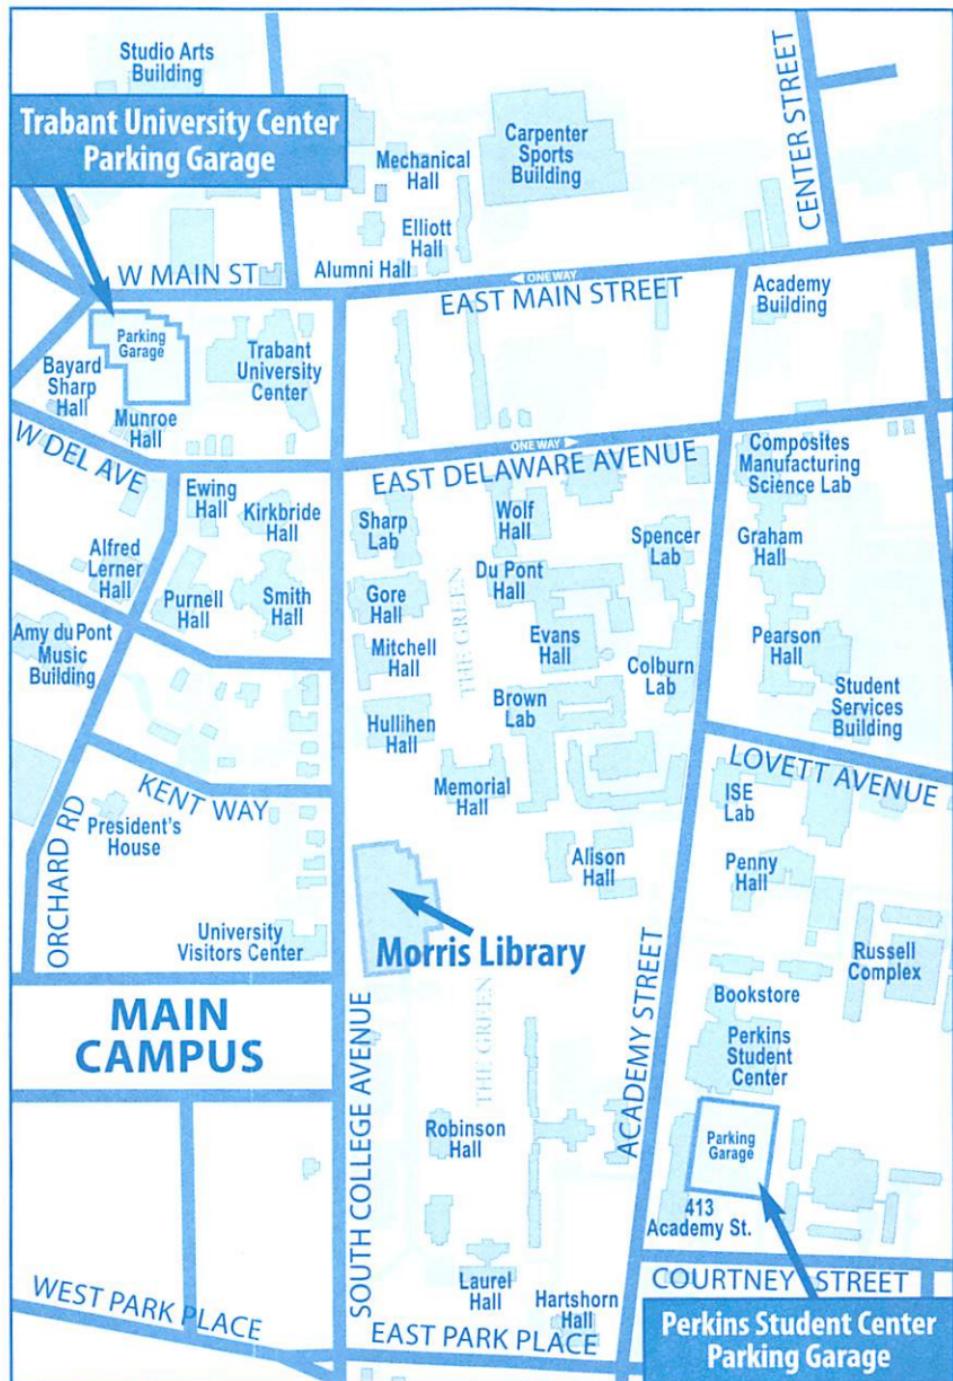

Ben Yagoda started his career as an editor of *The New Leader* and went on to work for *New Jersey Monthly* and *Philadelphia* magazine. Subsequently he became a freelance writer including for *The New York Times*, *Newsweek* and *Rolling Stone*. He has taught at the University of Delaware since 1992 and helped to inaugurate the Journalism minor. He has written many magazine articles, essays and reviews for *The Chronicle of Higher Education*, *The New York Times Book Review* and other publications. In addition to *The B-Side*, he has written a number of books including *About Town: The New Yorker and the World It Made*; *Will Rogers: A Biography*; *How to Not Write Bad: The Most Common*

*Writing Problems and the Best Ways to Avoid Them*; *When You Catch an Adjective, Kill It: The Parts of Speech, for Better and/or Worse*; and *The Art of Fact: A Historical Anthology of Literary Journalism*, which was co-edited with Professor Kevin Kerrane also of the English Department at the University of Delaware.

The University Bookstore will sell *The B-Side* before and after the program and Professor Yagoda is willing to sign copies during the reception.
