

The University of Delaware Library
Introduces and Welcomes

Sabine Lanteri

Sabine Lanteri was appointed science liaison librarian in the Reference and Instructional Services Department, June 15, 2017. As liaison, Lanteri will be responsible for instruction, collection development and research support for the Chemistry and Biochemistry, Chemical and Biomolecular Engineering, and Biological Sciences departments. She also will provide general reference services.

Lanteri worked for the DuPont Company for nine years, providing reference services in its Engineering Information Center and, later, conducting literature searches for technical, business and regulatory information for global DuPont operations. She has a bachelor of science in engineering chemistry from the State University of New York at Stony Brook; a master's degree in ceramics and materials science from Case Western Reserve University; and a master's degree in library and information science from Drexel University.
